

SOI Products & Services

Statistics of Income (SOI) information is available in publication and electronic formats -- such as computer tapes and diskettes, as well as through the SOI electronic bulletin board and the IRS homepage on the Internet. These products and services are described below along with information on how to obtain them.

Statistical Information Services

For questions on the availability of SOI data, other statistical services, or release dates for new publications, please contact Statistical Information Services (SIS) on:

Voice: (202) 874-0410
Fax: (202) 874-0964
e-mail: sis@soi.irs.gov.

Media requests, however, should be directed to the IRS Media Relations Branch, Communications Division, on (202) 622-4000.

As its name implies, SIS is best able to answer questions about data. It does not supply tax forms or information about the status of an individual's tax refund or audit examination.

SOI Data on the Internet

The IRS World Wide Web site provides another option for accessing SOI data. At present, nearly 600 files reside on *Tax_Stats* (the SOI homepage), covering data similar to that on the SOI electronic bulletin board system (BBS). The main difference between the two is that the BBS includes more information from individual income tax returns, including migration flow and county income data, and is more current. Also, none of the files for sale on the BBS is available on the Web site. To access SOI files on the Web site, look for us at:

http://www.irs.ustreas.gov/prod/tax_stats/index.html

At the *Tax_Stats* site, you will find data on the following:

- Individuals
- Corporations
- Partnerships
- Exempt Organizations
- Estates/Wealth
- International Income and Taxes
- Sole Proprietorships
- Excise Taxes
- Other SOI Information

- Other IRS Information.

SOI Electronic Bulletin Board

The BBS provides access to a number of SOI files on a reimbursable basis and to selected public files. They include data on returns covering individuals, corporations, exempt organizations, and private foundations and charitable trusts. **After access is provided, you will be able to download them by calling (202) 874-9574.** Most of these files will be tabulations of aggregated data, but some will be files of microdata records.

For orders of \$300 or less, access to your requested files will be given within two business days from the time we receive your order form. For orders over this amount, access will be given after we receive payment. You will have access to your requested files until March 31, 1999.

To order any of these files, you may: (1) write to Statistical Information Services (SIS), Statistics of Income Division (OP:RS:S:SS:SD), P.O. Box 2608, Washington, DC 20013-2608; (2) send a FAX to SIS on (202) 874-0964; or (3) e-mail us at: sis@soi.irs.gov. **An order form is provided at the end of this *Bulletin* and must be completed when placing an order.**

Studies of Tax-Exempt Organizations, 1974-1987

Publication 1416 -- Price: \$26, plus \$10 for shipping and handling

This publication presents 22 articles from Statistics of Income studies on tax-exempt organizations. These articles, which emphasize important issues within the non-profit sector, also appeared in the *SOI Bulletin* or in proceedings of the American Statistical Association and the Independent Sector Research forum. Topics include:

- nonprofit charitable organizations (primarily charitable, educational, and health organizations);
- private foundations and charitable trusts; and
- unrelated business income of exempt organizations.

Studies of Tax-Exempt Organizations, 1986-1992

Publication 1416 -- Price: \$26, plus \$10 for shipping and handling

This is the second volume in a series of SOI publications on tax-exempt, nonprofit organizations. It includes data covering 1986-1992 and contains 12 previously published articles from SOI studies, including the *SOI Bulletin*, as well as papers prepared for the *Journal of Nonprofit Management* Sector Research Forum, the National Research Council's Committee on National Statistics, and the American Statistical Association.

Studies of International Income and Taxes, 1984-1988

Publication 1267 -- Price: \$26, plus \$10 for shipping and handling

This report presents information from 13 SOI studies in the international area (many of them previously published in the *SOI Bulletin*), including:

- foreign activity of U.S. corporations;
- activity of foreign corporations in the United States;
- foreign-controlled U.S. corporations;
- statistics related to individuals, trusts, and estates; and
- data presented by geographical area or industrial activity, as well as other classifiers.

Compendium of Federal Estate Tax and Personal Wealth Studies

Publication 1773 -- Price: \$26, plus \$10 for shipping

and handling

Part I of this report focuses on data from estate tax returns, describing decedents, their beneficiaries, and the composition of their estates. It contains a methodological discussion of the strategy used in weighting sample data for the estate studies and presents statistics on selected components of decedents' estates, 1916-1990. Information on charitable giving is also included.

Part II presents a series of articles describing the estate-multiplier technique and its applications for personal wealth estimates, estimates of personal wealth for selected years 1962-1989, as well as a discussion of the relationship among realized income, wealth, and well-being.

Turning Administrative Systems Into Information Systems--1996-1997

Publication 1299--Price: Free, except for \$10 for shipping and handling

This is the fifth volume in the current IRS methodology reports series, which documents technological and methodological changes in SOI programs and other related statistical uses of administrative records. (The series previously released 10 volumes under the title *Statistics of Income and Related Administrative Record Research*.) This year's compilation has been divided into nine major sections, each focusing on a somewhat different area of research:

- personal wealth;
- using administrative records for generating national statistics;
- panel reports on statistical uses of administrative records;
- methodological research;
- quality improvement in government;
- customer satisfaction surveys;
- the effect of downsizing on Federal statistics;
- preserving privacy, not just confidentiality; and
- disclosure avoidance research.
